

Duties and Responsibilities of the UAP Official Representatives

One of the duties of the National President is to “represent the UAP in local and international conferences, gatherings and other functions which require representation of the organization”¹. However, due to numerous appointments, schedules and priorities the National President has to attend to, such representation is delegated to other officers or members.

As Official Representative of the organization, it is the duty and obligation of the representative to:

1. represent the interests and policies of the United Architects of the Philippines
2. actively participate in discussion or interaction
3. submit report which includes, if any, photos, recommendation or suggestive plan of action to the National President, within seven working days after the event

¹ Article VI, Section 2.1.f of the 2009 UAP By-laws
